Skills

Strong attention to detail

Ability to build webpages from scrap using HTML5 and CSS

MySQL

Oracle

Microsoft Office

Communication

Attention to detail

Enthusiastic new graduate that is eager to step into the world of Information Technology. I recently graduating college with my bachelor's in software development, so I am ready to step into the field with the skills learned from college and throughout all of schooling. Ready to learn and grow with a company.

Work History

2019-06 -

Current

Claims Processor

Principle Choice Solutions, Omaha, NE

- Contracted by the Veterans Affairs, I process hospital bill claims for veterans and military personnel.
- This job requires analytical thinking, attention to detail, and computer competence.

2018-04 -

2019-06

Claims Processor

Signature Performance, Omaha, NE

- Contracted by the Veterans Affairs, I processed hospital claims for veterans and military personnel.
- This job required analytical thinking, attention to detail, and critical thinking.
- The learning of multiple applications was required for this job and is constantly updating.
- Signature Performance joined with Principle Choice Solutions in June of 2019 and I transitioned to do the same job at Principle Choice Solutions at this time.

2018-01 -

2018-04
